OBJECTIVE: I'm a Spanish/English bilingual manager looking to bring my eight years of experience leading by example, to a solid team of employees in the cannabis industry. I believe leading a team is more effective than trying to rule one, and happy employees are productive employees.

EXPERIENCE: **Privately Owned Extraction Company, San Bernardino**
General Manager *December 2018-January 2023*
Managed a facility which ran:
70/30 (n-butane/propane);
80/20 (n-butane/propane);
50/25/25 (n-butane/propane/isobutane);
We ran LPG mixtures through a 100lbs system I designed and built utilizing a Passive/Active/Hybrid approach. We processed the product with and without the use of color remediation through chromatography or de-waxing for the removal of pesticides and other contaminants.
We utilized the following media in our processes: T-5, T-41, Silica, Magisil, Active Alumina, B-80, Perform 6000, Bentonite Clay, CRX and CRY by Media Bros.
My duties included managing the office and cash flow of the business, maintaining inventory levels, payroll, interpersonal dispute resolution, wholesale sales, accounts receivable, and compliance.

Lucky Farms, Inc, Adelanto, CA
Harvest Specialist *July, 2017-December 2018*
I specialized in post-grow processing of raw cannabis. My duties included harvesting, drying, trimming, packing, and distribution.

Inland Wellness Center, San Bernardino
Dispensary Manager *March, 2016-July 2017*
I managed staffing, payroll, pricing, inventory, accounts payable, accounts receivable, budgeting, building reports for ownership, and compliance.

EDUCATION: **Penn Foster High School, Imperial Beach, CA-Diploma 2016**

*Willing to relocate for the right position.
