GCT sent 3x3mL samples (GG#4, Zkittlez, and Purple Punch). Took a few weeks to get in, but I genuinely appreciate their effort to get these samples in our hands to we can start formulating. We received the samples a week ago I believe. Extremely impressed. High quality, str8 up (pic provided)

The possibilities and creative ideas are endless. What more can I say?

Y'all killed it 🙌 Thank you, truly
